

## Bench-Rest-Seater 7/8 - Bench-Rest-Seater 25-06 Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed to provide the highest precision in seating match bullets, ensuring optimal performance and accuracy. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always read and understand the user manual before using the BenchRestSeater.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before use. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition and reloading practices.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the BenchRestSeater.
- Use the product in a wellventilated area to avoid inhalation of any harmful substances.
- Ensure that the workspace is clean and free from obstructions to prevent accidents.
- Do not exceed the recommended specifications for the BenchRestSeater.
- Handle all ammunition with care and follow safe reloading practices.
- Be aware of the potential hazards associated with handling firearms and ammunition.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the BenchRestSeater is securely mounted on a stable work surface.
- Check that all components are present and undamaged before assembly.
- Follow the manufacturer's instructions for installing any additional accessories or components.

### 2. Usage

- Adjust the seaterhead according to the bullet specifications for optimal performance.
- Insert the cartridge case into the guide sleeve, ensuring it is aligned correctly.
- Place the bullet in the seaterhead and apply gentle pressure to start the seating process.
- Monitor the seating depth and check for concentricity as per your requirements.
- After use, clean the BenchRestSeater to maintain its functionality and longevity.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is no longer usable, dispose of it responsibly. Check local regulations for proper disposal of reloading equipment and accessories.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the BenchRestSeater, please refer to the manufacturer's contact information provided in the product manual.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy using your BenchRestSeater 7/8 for precise and reliable bullet seating.
