

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 257 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 BenchRestSeater 257 Wea Mag Safety Instructions

## Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 257 Wea Mag. This product is designed to provide you with the highest precision in seating match bullets, ensuring excellent performance and accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions to avoid risks of injury or damage.
- Always handle the BenchRestSeater with care, as improper use can lead to accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects, discontinue use immediately and consult the manual for further instructions.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards associated with the use of reloading equipment, including but not limited to:
  - Pinching hazards when handling the seaterhead.
  - Risk of injury from sharp components.
  - Potential for misalignment leading to ammunition malfunction.
- **Proper Handling:** Always handle the seaterhead and other components with care. Use protective gloves if necessary.
- **Correct Seater Head Selection:** Choose the appropriate seaterhead for the bullet type you are using. This can significantly improve concentricity and reduce the risk of misfires.
- **Work Environment:** Ensure your work area is clean, organized, and welllit to reduce the risk of accidents.

## Instructions for Installation and Usage

### 1. Assembly:

- Carefully unpack the BenchRestSeater and inspect all components.
- Refer to the manual for detailed assembly instructions if required.

### 2. Selecting the Seater Head:

- Choose the correct seater head based on the type of bullet you are using. This is crucial for ensuring optimal performance.
- The seaterhead is replaceable; consult the manual for options available.

### 3. Seating Operation:

- Insert the cartridge case into the guide sleeve, ensuring it is seated properly.
- Align the bullet with the cartridge case before starting the seating operation.
- Apply steady pressure to the seaterhead to ensure proper seating of the bullet.
- Do not force the bullet into the case; if resistance is encountered, stop and check for alignment issues.

#### **4. PostUse Care:**

- After use, clean the BenchRestSeater to remove any debris or residue.
- Store the product in a dry, safe place, away from children and pets.

## **Disposal Instructions**

- Dispose of the BenchRestSeater and any associated components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any safety inquiries, product support, or additional information, please refer to the manufacturer's contact details provided in the product manual. It is important to have a point of contact for any questions or concerns regarding the safe use of this product.

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 7/8 BenchRestSeater 257 Wea Mag. Always prioritize safety and consult the manual for any specific guidance related to your product.
