

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and BenchRestSeater 6.5x57. This product is designed to provide you with the highest precision for seating match bullets. To ensure safe and effective use, please read this safety instruction guide thoroughly. It covers essential safety guidelines, precautions, and instructions for installation and usage.

## General Safety Guidelines

- Always ensure that you are using the BenchRestSeater in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Do not use the product for any purpose other than its intended use.
- Follow all local laws and regulations regarding the handling and use of ammunition and reloading equipment.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**

- Always wear safety glasses to protect your eyes from debris.
- Use hearing protection if working in a noisy environment.

- **Handling of Components:**

- Handle all components, including bullets and cartridge cases, with care to avoid injury.
- Ensure that your hands are clean and dry when handling bullets and cartridge cases.

- **Seating Operation:**

- Ensure that the BenchRestSeater is securely mounted before use.
- Do not force the seating operation; if resistance is felt, stop and check for obstructions.
- Use the correct seater head for the bullet being used to improve concentricity and prevent accidents.

- **Storage:**

- Store the BenchRestSeater in a dry place, away from moisture and extreme temperatures.
- Keep the product in its original packaging or a protective case when not in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the work surface is stable and clean.
- Securely mount the BenchRestSeater to your workbench using appropriate fasteners.
- Attach the desired seater head, ensuring it is firmly in place.

### 2. Usage:

- Prepare your bullets and cartridge cases according to the manufacturer's specifications.

- Insert the cartridge case into the BenchRestSeater.
- Align the bullet with the cartridge case and gently lower the seater head until it contacts the bullet.
- Apply steady pressure to seat the bullet into the cartridge case. Do not rush this process.
- Once the bullet is seated, remove the cartridge case from the BenchRestSeater.

### **3. PostUse:**

- Clean the BenchRestSeater after each use to remove any debris.
- Inspect the seater head and replace it if it shows signs of wear.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the BenchRestSeater in regular household waste.
- Consider recycling options for metal and plastic components where available.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the manufacturer's website or customer service resources.

By following these guidelines and instructions, you can ensure a safe and effective experience with your BenchRestSeater. Thank you for prioritizing safety in your reloading practices.
