

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x65 RWS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 and BenchRestSeater 6.5x65 RWS. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this document carefully before using the BenchRestSeater.

## General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose, which is to seat match bullets with precision.
- Always follow the manufacturer's instructions and guidelines for safe operation.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- If you notice any defects or abnormalities, discontinue use immediately and seek assistance.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using the BenchRestSeater.
- Ensure that the work area is clean, welllit, and free of distractions.
- Do not exceed the manufacturer's recommended specifications for bullet types and sizes.
- When replacing the seaterhead, ensure it is securely fastened before proceeding with the seating operation.
- Avoid placing hands or other body parts near moving parts during operation.
- Use caution when handling cartridges and bullets to prevent accidental discharge.

## Instructions for Installation and Usage

### Installation

1. Place the BenchRestSeater on a stable, flat surface.
2. Ensure the work area is clear of any obstructions.
3. Attach the appropriate seaterhead for the bullet type you are using.
4. Ensure that the seaterhead is securely fastened to prevent any movement during operation.

### Usage

1. Insert the cartridge case into the BenchRestSeater.
2. Align the bullet with the cartridge case and gently place it into the seating chamber.
3. Slowly and steadily apply pressure to the seaterhead to seat the bullet into the cartridge case.
4. Monitor the operation closely to ensure proper axial guidance and concentricity.
5. Once the bullet is seated, remove the completed cartridge from the BenchRestSeater.
6. Repeat the process for additional cartridges as needed.

## Disposal Instructions

- Dispose of any defective or damaged components of the BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling options or hazardous waste disposal facilities.
- Ensure that all components are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or contact your local distributor. Always keep the product's manual handy for reference.

Please remember that your safety is paramount. Following these guidelines will help ensure a safe and effective experience with your BenchRestSeater. Thank you for your attention to these important safety instructions.
