

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5x65 R RWS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 6,5x65 R RWS. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the user manual before using the BenchRestSeater.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to local authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the BenchRestSeater is securely mounted before use to prevent accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Do not exceed the recommended torque settings when using the seaterhead.
- Use only the recommended seaterheads compatible with the bullets being used.
- Avoid using the product in wet or damp conditions.
- Ensure that all components are clean and free from debris before operation.
- Never attempt to modify or repair the BenchRestSeater yourself.

## Instructions for Installation and Usage

### 1. Installation:

- Select a stable work surface for mounting the BenchRestSeater.
- Securely attach the BenchRestSeater to the work surface using appropriate fasteners.
- Confirm that the seaterhead is properly installed and tightened before use.

### 2. Usage:

- Load the cartridge case into the BenchRestSeater.
- Carefully align the bullet with the cartridge case.
- Slowly and steadily press down on the seaterhead to seat the bullet.
- Check for proper alignment and concentricity after seating.
- If necessary, adjust the seaterhead and repeat the process for improved results.

### 3. PostUsage:

- Clean the BenchRestSeater after each use to maintain its performance.
- Store the product in a dry place, away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, consider recycling components where possible.

## **Contact Information for Further Support**

For any questions or additional support regarding the BenchRestSeater, please refer to the manufacturer's website or contact your local distributor. Ensure that you have the product details available for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater. Thank you for your attention to safety and for choosing our product.
