

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 6,5-284 Norma

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed for precision seating of match bullets in reloading applications. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read the product manual before use.
- Ensure that you are familiar with the operation of the BenchRestSeater.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the work area is clean and welllit to avoid accidents.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the seater.
- Avoid wearing loose clothing or jewelry that might get caught in the machinery.
- Do not exceed the recommended bullet specifications for the seater.
- Ensure that the cartridge cases are clean and free from obstructions before seating bullets.
- Do not attempt to modify or alter the seater in any way.
- If you experience any issues during operation, stop using the product immediately and consult the manual or a professional.

Instructions for Installation and Usage

Installation

1. **Unpacking:** Carefully remove the BenchRestSeater from its packaging. Check for any visible damage.
2. **Setup:**
 - Place the seater on a stable and secure work surface.
 - Ensure that it is firmly attached to your reloading press, following the manufacturer's instructions.
3. **Seater Head Replacement:** If necessary, replace the seater head:
 - Unscrew the existing head and replace it with the desired type.
 - Ensure that the new head is securely fastened.

Usage

1. **Preparation:**
 - Select the appropriate bullet and seater head for your application.
 - Ensure that the cartridge case is properly prepared and clean.
2. **Seating Process:**
 - Insert the cartridge case into the seater.
 - Position the bullet on top of the cartridge case.
 - Slowly and carefully operate the seater to press the bullet into the case.
 - Monitor the process to maintain axial guidance and concentricity.
3. **PostUse:**
 - Remove any unused bullets and clean the work area.
 - Store the BenchRestSeater in a safe place away from children.

Disposal Instructions

- Dispose of the product and any related materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check for any recycling programs that may accept the product or its components.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater 7/8, please refer to the product manual or contact your retailer for assistance. Ensure that you have the product details ready for a more efficient response.

By following these guidelines, you can ensure a safe and effective experience with your BenchRestSeater 7/8. Thank you for prioritizing safety in your reloading practices.
