

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 7x75 R SE v.H

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed to provide precision in seating match bullets. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and welllit to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use and contact the manufacturer for support.
- Report any accidents or unsafe product experiences to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the seaterhead is securely attached before operation.
- Only use compatible bullets with the BenchRestSeater to avoid malfunctions.
- Do not exceed the recommended torque limits when seating bullets.
- Wear appropriate safety gear, including safety glasses and gloves, during use.
- Avoid placing fingers near moving parts during operation to prevent injury.
- Be cautious of potential lead exposure and follow safe handling practices for ammunition components.

Instructions for Installation and Usage

1. Installation

- Ensure that your workbench or press is stable and secure.
- Attach the BenchRestSeater to the reloading press using the 7/8 inch thread.
- Confirm that the seaterhead is properly aligned and securely fastened.

2. Usage

- Select the appropriate seaterhead based on the bullet you are using.
- Insert the cartridge case into the seater.
- Position the bullet on top of the cartridge case.
- Slowly and steadily pull the handle to seat the bullet into the cartridge case.
- Check for proper seating depth and concentricity. Adjust as necessary.
- After use, clean the seater to remove any residue or debris.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste; seek out designated recycling centers or hazardous waste facilities.
- Ensure that all components are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided in the product manual or on the packaging.

By following these guidelines, you can ensure a safe and effective experience with your BenchRestSeater 7/8.
Thank you for your attention to these important safety instructions.
