

## Bench-Rest-Seater 7/8 - Bench-Rest-Seater 284 Win

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Safety Instructions

### Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 284 Win. This product is designed to provide you with the highest precision in seating match bullets while ensuring safety and reliability. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

### General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- Always use the product in a wellventilated area.
- Avoid using the product in wet or damp conditions.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the product.
- Ensure that the workspace is clear of any obstructions or hazards.
- Do not exceed the recommended load limits for the product.
- Avoid placing hands or fingers near moving parts during operation.
- Use only the recommended seater heads for the specific bullets you are working with to improve concentricity.
- Follow all local regulations regarding the handling and use of ammunition and reloading equipment.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that the work surface is stable and secure.
- Attach the BenchRestSeater to the reloading press according to the manufacturer's instructions.
- Verify that the seater head is properly secured before use.

#### 2. Usage:

- Prepare your cartridge cases and match bullets as per your reloading procedure.
- Insert the cartridge case into the seater.
- Position the bullet on top of the cartridge case.
- Slowly pull the handle of the reloading press to seat the bullet into the cartridge case.
- Monitor the process to ensure that the bullet is seated correctly and evenly.
- If necessary, adjust the seater head according to the specific bullet used for better concentricity.

#### 3. PostUsage:

- After use, clean the product to remove any residues.
- Store the product in a dry and secure location.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- If the product is no longer usable, consider recycling components where possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater 7/8 BenchRestSeater 284 Win, please refer to the manufacturer's manual or visit the manufacturer's website for further assistance.

Thank you for following these safety instructions. Your attention to detail and adherence to safety guidelines will contribute to a safe and effective reloading experience.
