

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 7,62x39

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed to ensure the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information regarding the safe operation, installation, and disposal of the product.

General Safety Guidelines

- Ensure that you are familiar with the product before use.
- Always use the product in accordance with the instructions provided in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the relevant authorities immediately.
- Check for any recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses when using the BenchRestSeater.
- Ensure that the workspace is clean, welllit, and free from obstructions.
- Do not exceed the recommended specifications for the product, including the types of bullets used.
- Avoid using the product if you are tired or under the influence of drugs or alcohol.
- Handle all components with care to prevent injury or damage.
- Do not modify the product in any way that could compromise its safety or performance.

Instructions for Installation and Usage

1. Installation:

- Ensure that the work surface is stable and secure.
- Attach the BenchRestSeater to your reloading press according to the manufacturer's instructions.
- Confirm that the seaterhead is properly seated and locked in place before use.

2. Usage:

- Place the cartridge case in the seating position.
- Insert the bullet into the cartridge case.
- Slowly and steadily apply pressure to the seaterhead until the bullet is seated to the desired depth.
- Release the pressure and carefully remove the completed cartridge.
- Inspect the seated bullet for concentricity and proper depth before proceeding.

Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Consider recycling components where possible, following local guidelines for recycling.

Contact Information for Further Support

For any further inquiries or support regarding the BenchRestSeater 7/8, please refer to the contact information provided in the product packaging or user manual. Ensure that you have the product details available when

reaching out for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater 7/8. Thank you for prioritizing safety in your reloading activities.
