

## Bench-Rest-Seater 7/8 - Bench-Rest-Seater 7,62x54 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed for precise seating of match bullets and ensuring optimal bullet runout. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, organized, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the seater.
- Regularly inspect the product for any signs of wear or damage before use.

## Specific Safety Precautions for Use

- Do not exceed the recommended specifications for the BenchRestSeater.
- Ensure that the cartridge case is properly aligned before seating the bullet.
- Avoid using the seater with damaged or defective components.
- Be cautious of the potential hazards associated with handling ammunition.
- Always follow proper reloading practices to prevent accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary materials, including the BenchRestSeater, cartridge cases, and bullets.
- Ensure that the work surface is stable and secure.

### 2. Installation

- Attach the BenchRestSeater to a stable reloading press using the 7/8 thread.
- Ensure that the seaterhead is securely fastened and properly aligned.

### 3. Seating Bullets

- Place a cartridge case into the seater.
- Select the appropriate seaterhead for the bullet being used.
- Gently insert the bullet into the cartridge case.
- Apply steady pressure to the handle of the reloading press to seat the bullet.
- Check the concentricity of the seated bullet to ensure precision.

### 4. Maintenance

- Clean the seater regularly to remove any debris or residue.
- Replace the seaterhead as needed to maintain optimal performance.
- Store the BenchRestSeater in a dry and secure location when not in use.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.

- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater 7/8, please refer to the manufacturer's manual or contact the appropriate support channels for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 7/8. Always prioritize safety and take the necessary precautions when using this product.
