

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 30-30 Win

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 BenchRestSeater 3030 Win Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 3030 Win. This product is designed to provide the highest precision in seating match bullets while ensuring safety during its use. Please read this safety instruction guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and welllit.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects, discontinue use immediately and consult the manual for further instructions.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the BenchRestSeater is securely mounted before use to prevent movement during operation.
- Use only the appropriate seaterhead for the bullet type you are working with to enhance concentricity.
- Avoid wearing loose clothing or jewelry that may get caught in the mechanism.
- Always wear eye protection when using the product to protect against potential debris.
- Do not exceed the recommended seating pressure to avoid damaging the bullets or the seater.
- Keep hands clear of the seating area during operation to avoid injury.

Instructions for Installation and Usage

1. Installation:

- Securely mount the BenchRestSeater to a stable workbench using appropriate fasteners.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.
- Select the correct seaterhead based on the bullet type you will be using.

2. Usage:

- Place the cartridge case into the guide sleeve.
- Insert the bullet into the cartridge case.
- Slowly and steadily apply pressure to the seaterhead until the bullet is seated to the desired depth.
- Check for concentricity after seating to ensure optimal performance.

3. PostUse:

- Clean the BenchRestSeater after each use to maintain its performance.
- Store the product in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to the manual or contact your local distributor. Always ensure you have the most up-to-date information and resources available.

Thank you for prioritizing safety while using the BenchRestSeater 7/8 BenchRestSeater 3030 Win. Your adherence to these guidelines helps ensure a safe and effective experience.
