

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 300 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed to provide you with the highest precision in seating match bullets. To ensure safe and effective use of this product, please read and follow the safety instructions and guidelines provided in this manual.

General Safety Guidelines

- Ensure that this product is used only for its intended purpose.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using this product.
- Do not exceed the recommended specifications for the product.
- Use only compatible seaterheads as specified by the manufacturer to ensure safety and performance.
- Ensure that the cartridge case is properly aligned before seating the bullet to avoid accidents.
- Avoid distractions while operating the product to maintain focus and precision.
- Never attempt to modify the product in any way, as this can compromise safety.

Instructions for Installation and Usage

1. Installation

- Ensure that the work area is clean and free of any obstructions.
- Securely mount the BenchRestSeater on a stable surface to prevent movement during use.
- Select the appropriate seaterhead for the bullet you are using and attach it to the seaterhead mount.
- Verify that all components are properly secured before proceeding.

2. Usage

- Place the cartridge case into the seating chamber, ensuring it is seated correctly.
- Gently lower the seaterhead onto the bullet, ensuring proper alignment.
- Apply consistent and controlled pressure to seat the bullet into the cartridge case.
- After seating, inspect the bullet for concentricity to ensure proper alignment.
- Clean the product after each use to maintain optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater 7/8, please refer to the manufacturer's contact

information provided in the product packaging or manual.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
