

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 303 British

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 7/8 for your precision bullet seating needs. This product is designed to provide you with the highest level of accuracy when seating match bullets. To ensure safe and effective use of the BenchRestSeater, please carefully read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the BenchRestSeater in a wellventilated area.
- Keep the product out of reach of children and pets.
- Wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Do not modify the BenchRestSeater in any way.
- Regularly inspect the product for wear and damage before each use.
- Follow all applicable local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Ensure that the cartridge case is clean and free from obstructions before seating the bullet.
- Always check the bullet for defects or damage prior to use.
- Use the correct seater head for the bullet you are working with to improve concentricity.
- Do not exceed the recommended seating depth or force.
- Avoid distractions while using the BenchRestSeater to maintain focus.
- If you notice any unusual sounds or resistance during operation, stop immediately and inspect the product.

## Instructions for Installation and Usage

### 1. Setup:

- Securely mount the BenchRestSeater to a stable reloading bench or surface.
- Ensure that the seater head is properly attached and tightened before use.

### 2. Seating Bullets:

- Insert the cartridge case into the guide sleeve, ensuring it is properly aligned.
- Place the bullet into the cartridge case.
- Slowly lower the seater head to make contact with the bullet.
- Apply gentle, even pressure to seat the bullet to the desired depth.

### 3. PostUse Care:

- After use, clean the BenchRestSeater to remove any debris or residue.
- Store the product in a dry place, away from moisture and extreme temperatures.

## Disposal Instructions

- Dispose of the BenchRestSeater and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or no longer functional.

## **Contact Information for Further Support**

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or contact your local distributor for assistance. Remember to check for any recall updates on the EU's Safety Gate platform to stay informed about product safety.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your BenchRestSeater 7/8. Thank you for your attention to safety and for choosing our product.
