

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 8x64 S

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 7/8 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8. This product is designed to provide you with high precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It contains essential information about product safety, usage precautions, and compliance with EU regulations.

General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose, which is seating match bullets.
- Always handle the product with care to prevent accidents and injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage. Do not use if damaged.
- Familiarize yourself with the safety features and instructions before use.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the BenchRestSeater.
- Ensure that the work area is clean, welllit, and free from distractions.
- Do not exceed the recommended pressure or force when seating bullets.
- Use only compatible seaterheads as specified in the product manual to maintain safety and effectiveness.
- Avoid placing fingers or any body parts near the moving parts of the seater during operation.
- Do not attempt to modify or repair the BenchRestSeater without proper guidance from the manufacturer.

Instructions for Installation and Usage

1. Setup

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the area is free from obstructions and hazards.
- Secure the seaterhead appropriate for the bullet being used.

2. Seating Bullets

- Insert the cartridge case into the guide sleeve.
- Align the bullet with the seaterhead.
- Apply gentle, even pressure to seat the bullet into the cartridge case.
- Check for proper alignment and concentricity after seating.

3. Maintenance

- Clean the BenchRestSeater regularly to remove debris and residue.
- Store the product in a dry, safe place when not in use.
- Replace the seaterhead if it shows signs of wear or damage.

Disposal Instructions

- Dispose of the BenchRestSeater according to local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For further assistance or inquiries regarding the BenchRestSeater 7/8, please refer to the product manual or contact the manufacturer directly. It is essential to have the product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater 7/8. Thank you for prioritizing safety and compliance.
