

Bench-Rest-Seater 7/8 - Bench-Rest-Seater 8x75 RS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 8x75 RS. This product is designed for precision seating of match bullets, ensuring optimal performance and safety. This guide provides essential safety information, usage instructions, and disposal guidelines to help you use this product safely and effectively.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the product away from children and vulnerable individuals.
- Ensure that the workspace is clean and free from distractions.
- Inspect the product for any damage before use. Do not use if damaged.
- Use the product only for its intended purpose as described in this manual.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards when using the BenchRestSeater, including:
 - Pinching or cutting hazards when handling the seaterhead.
 - Risk of injury from improper seating of bullets.
 - Potential for equipment malfunction if not maintained properly.
- **Protective Gear:** Always wear appropriate protective gear, such as:
 - Safety glasses to protect your eyes from debris.
 - Gloves to prevent cuts and abrasions.
- **Safe Handling:** When using the product, adhere to the following precautions:
 - Ensure that the seaterhead is securely attached before use.
 - Avoid placing your hands near moving parts during operation.
 - Do not exceed the manufacturer's specified limits for bullet types and sizes.

Instructions for Installation and Usage

1. Installation of the SeaterHead:

- Ensure that the BenchRestSeater is on a stable surface.
- Select the appropriate seaterhead for the bullet you are using.
- Align the seaterhead with the mounting point on the BenchRestSeater.
- Securely attach the seaterhead by following the manufacturer's instructions.

2. Seating Bullets:

- Place the cartridge case into the seating chamber.
- Insert the bullet into the case.
- Slowly and gently press the seaterhead down to seat the bullet.
- Ensure that the bullet is seated to the desired depth without excessive force.

3. PostUse Care:

- After use, clean the BenchRestSeater and the seaterhead to remove any debris or residue.
- Store the product in a dry, safe place away from children.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for the product and its components where applicable.

Contact Information for Further Support

For any safety inquiries or further support regarding the BenchRestSeater, please refer to your local distributor or the manufacturer. Ensure to keep this guide for future reference and follow all safety protocols for optimal usage.

Thank you for prioritizing safety while using the BenchRestSeater. Your diligence helps ensure a safe and enjoyable experience.
