

# Bench-Rest-Seater 7/8 - Bench-Rest-Seater 338 Federal

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Federal Safety Instructions

### Introduction

Thank you for choosing the BenchRestSeater 7/8 BenchRestSeater 338 Federal. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read and follow these safety instructions carefully.

### General Safety Guidelines

- Always handle the BenchRestSeater with care to avoid injury.
- Ensure that the product is used only for its intended purpose as described in the manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the seater for any signs of wear or damage.
- If you notice any defects, discontinue use immediately and seek assistance.

### Specific Safety Precautions for Use

- Use the BenchRestSeater in a wellventilated area to avoid inhalation of any dust or debris.
- Always wear appropriate safety gear, such as safety glasses and gloves, when using the product.
- Ensure that the work area is clean and free of clutter to prevent accidents.
- Do not exceed the recommended specifications for the seaterhead or cartridge cases.
- Be cautious of potential pinch points when operating the seater.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure that the work surface is stable and secure.
- Attach the BenchRestSeater to the workbench using the appropriate tools.
- Check that the seaterhead is securely attached and properly aligned.

#### 2. Usage:

- Select the correct seaterhead for the bullet being used to improve concentricity.
- Insert the cartridge case into the seater and ensure it is properly seated.
- Gently lower the bullet into the cartridge case, allowing the guide sleeve to provide axial guidance.
- Apply consistent pressure to ensure proper seating without forcing the bullet.
- After use, clean the seater to maintain its performance and longevity.

### Disposal Instructions

- Dispose of the BenchRestSeater and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

### Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the user manual for additional information and support resources.

## Conclusion

Following these safety instructions will help ensure your safety and the proper functioning of the BenchRestSeater 7/8 BenchRestSeater 338 Federal. Thank you for your attention to these guidelines, and enjoy your precision seating experience.
