

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 6mm BR Rem

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for BenchRest Neck Die 1 1/4 and BenchRest Neck Die 6mm BR Rem

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 and BenchRest Neck Die 6mm BR Rem. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully before using the product.

General Safety Guidelines

- Always ensure that the product is used according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the BenchRest Neck Die only for its intended purpose: seating match bullets.
- Ensure that the cartridge case is properly aligned before seating to avoid misfires or damage.
- Always wear appropriate safety gear, including eye protection, when using this product.
- Do not attempt to modify or repair the product yourself; consult a professional if repairs are needed.
- Avoid using excessive force during the seating operation to prevent damage to the die or cartridge.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the BenchRest Neck Die.
- Securely mount the die into the press following the manufacturer's guidelines.
- Adjust the die to the desired seating depth according to your specific bullet requirements.

2. Usage:

- Place the cartridge case into the press and ensure it is seated properly.
- Insert the bullet into the cartridge case, ensuring it is aligned with the die.
- Slowly operate the press handle to seat the bullet into the cartridge case.
- Check for proper bullet seating and concentricity after each operation.

Disposal Instructions

- Dispose of any unused or damaged components according to local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs that accept metal and plastic components.

Contact Information for Further Support

For any questions regarding the product, safety inquiries, or assistance, please consult the manual. Ensure you have the product details ready when seeking support.

By following these guidelines, you can ensure the safe and effective use of the BenchRest Neck Die 1 1/4 and BenchRest Neck Die 6mm BR Rem. Thank you for your attention to safety.
