

# Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 6,5x68 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die Safety Instructions

## Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide the highest precision in seating match bullets. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle reloading equipment with care and follow the manufacturer's instructions.
- Ensure that your work area is clean, dry, and welllit.
- Keep the BenchRest Neck Die out of reach of children and vulnerable individuals.
- Inspect the die and all associated components for damage before use.
- Use the product only for its intended purpose as specified in the manual.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, while using the die.
- Ensure that the die is securely mounted in your reloading press before use.
- Do not exceed the recommended pressure limits for the cartridges you are using.
- Avoid distractions while operating the die to maintain focus and precision.
- Always keep your hands and other body parts away from moving parts during operation.
- If you experience any unusual sounds or resistance while using the die, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is compatible with the BenchRest Neck Die 1 1/4.
- Securely mount the die to the press according to the manufacturer's instructions.
- Check that the die is properly aligned and tightened before proceeding.

### 2. Usage

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Adjust the die according to the specifications for the bullet you are using.
- Insert the cartridge case into the die, ensuring it is properly seated.
- Slowly and steadily operate the reloading press to seat the bullet.
- Monitor the operation for any signs of malfunction or misalignment.
- After use, clean the die and store it in a safe place.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw the die or its components in regular household waste.
- Check with your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the BenchRest Neck Die, please refer to the manufacturer's manual or contact your local dealer for assistance.

By following these safety instructions, you can help ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4. Thank you for your attention to safety.
