

# Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 6,5 PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before use to understand the necessary precautions and proper handling procedures.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the BenchRest Neck Die.
- Ensure the workspace is clean, dry, and welllit to prevent accidents.
- Keep the BenchRest Neck Die out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Ensure that the die is compatible with the specific cartridge you are using, in this case, the 6.5 PRC.
- Avoid using excessive force during the seating operation to prevent damage to the die or cartridge.
- Be cautious of the bullet runout; improper seating can affect accuracy and safety.
- Do not modify the die or use it for any purpose other than intended.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Thread the BenchRest Neck Die into the reloading press using the 1 1/4 inch thread.
- Tighten securely, but do not overtighten, as this may damage the threads.

### 2. Usage:

- Prepare your cartridge case by cleaning and inspecting it for any defects.
- Insert the cartridge case into the die and ensure it is properly aligned.
- Use the guide sleeve to achieve perfect axial guidance during the seating operation.
- Replace the seater head if necessary, choosing the correct type for the bullet being used.
- Once the bullet is seated, check for concentricity to ensure accurate performance.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the BenchRest Neck Die in regular household waste.
- Consider recycling options for metal components when possible.

## Contact Information for Further Support

For additional support or inquiries regarding the BenchRest Neck Die, please refer to the manufacturer's website

or customer service resources.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your BenchRest Neck Die 1 1/4. Always prioritize safety in all your reloading activities.
