

# Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 300 WSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It contains essential information about the safe use, installation, and disposal of the product, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always keep the product out of reach of children.
- Use the product only for its intended purpose.
- Ensure that you are familiar with the operation of the die before use.
- Regularly inspect the die for any signs of wear or damage.
- If you notice any defects or malfunctions, discontinue use immediately.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper handling of the die.
- Risk of damage to the bullet or cartridge case if not seated correctly.

- **Avoiding Hazards:**

- Always wear safety glasses when using the die to protect your eyes from debris.
- Use gloves to protect your hands from sharp edges.
- Ensure the work area is clean and free from obstructions.
- Do not exceed the recommended load specifications for your cartridges.
- Follow the manufacturer's guidelines for selecting the appropriate seaterhead.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 and older.
- Ensure that inexperienced users are supervised by a knowledgeable adult.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is compatible with the BenchRest Neck Die 1 1/4.
2. Securely attach the die to the reloading press according to the manufacturer's instructions.
3. Adjust the die to the desired seating depth as specified in your reloading manual.

- **Usage:**

1. Prepare your cartridge cases by cleaning and inspecting them for defects.
2. Insert the bullet into the cartridge case.
3. Place the cartridge case in the die and apply pressure to seat the bullet.

4. Check the concentricity of the bullet using appropriate measuring tools.
5. If necessary, replace the seaterhead to achieve better concentricity.

- **PostUsage Care:**

- Clean the die after each use to prevent buildup of debris.
- Store the die in a dry place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Check for any specific disposal instructions provided by the manufacturer.

## **Contact Information for Further Support**

For any inquiries or additional support regarding the BenchRest Neck Die 1 1/4, please refer to the product manual or visit the manufacturer's website. It is important to have access to a reliable contact for safety inquiries.

By following this safety instruction guide, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
