

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 338 Norma Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die 1 1/4 BenchRest Neck Die 338 Norma Mag Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 BenchRest Neck Die 338 Norma Mag. This product is designed for precision reloading of ammunition. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use.

General Safety Guidelines

- Always read the instruction manual before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure that your workspace is clean and organized to avoid accidents.
- Use the product only for its intended purpose.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects, do not use the product and contact customer support.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Ensure that the die is securely mounted before starting the reloading process.
- Avoid placing your hands near the die while it is in operation to prevent injury.
- Do not exceed the recommended load specifications for the cartridges being reloaded.
- Be mindful of the working area and keep it free from distractions while using the die.
- Ensure proper ventilation in your workspace to avoid inhaling any harmful substances.

Instructions for Installation and Usage

Installation

1. **Unpack the Die:** Carefully remove the die from its packaging and inspect it for any damage.
2. **Mount the Die:** Securely attach the die to your reloading press according to the manufacturer's instructions.
3. **Adjust the Die:** Set the die to the desired depth for bullet seating, ensuring it is properly aligned.

Usage

1. **Prepare Your Work Area:** Ensure that your workspace is clean and organized.
2. **Load the Cartridge Case:** Insert the cartridge case into the die, ensuring it is seated correctly.
3. **Insert the Bullet:** Place the bullet into the cartridge case.
4. **Operate the Press:** Gently pull the handle of the reloading press to seat the bullet. Monitor the process to ensure proper seating.
5. **Inspect the Finished Cartridge:** Check the cartridge for any signs of improper seating or damage before use.

Disposal Instructions

- Dispose of any packaging materials according to local regulations.
- If the die is no longer functional or needed, ensure it is disposed of in an environmentally friendly manner.

- Do not dispose of the die in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die, please refer to the manufacturer's contact details provided in the product manual. It is important to have access to support for any safety inquiries or product issues.

By following these guidelines, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4 BenchRest Neck Die 338 Norma Mag. Thank you for prioritizing safety in your reloading practices.
