

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 9,3x74 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide precision and reliability when seating match bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Follow all local laws and regulations related to reloading ammunition.

Specific Safety Precautions for Use

- Ensure that the workspace is clean and organized to prevent accidents.
- Wear appropriate safety gear, including eye protection and gloves, when handling the die and ammunition components.
- Avoid distractions while using the die to maintain focus and precision.
- Do not exceed the recommended specifications for the die and ammunition components.
- If you experience any difficulties or uncertainties during use, stop and consult the manual or seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and properly set up.
- Carefully screw the BenchRest Neck Die into the reloading press, ensuring it is securely fastened.
- Adjust the die according to the specifications for the cartridge you are using.

2. Using the Die:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the die, ensuring it is aligned correctly.
- Use the guide sleeve to achieve perfect axial guidance during the seating operation.
- Replace the seater head if necessary, selecting the correct type for the bullet being used to improve concentricity.
- Follow the reloading process as outlined in your reloading manual, ensuring that all steps are completed accurately.

3. PostUse Care:

- After use, clean the die thoroughly to remove any residue or buildup.
- Store the die in a safe and dry location, out of reach of children.

Disposal Instructions

- Dispose of any damaged or unusable product components in accordance with local waste disposal regulations.
- Do not dispose of the die or its components in regular household waste. Check for recycling options where applicable.

Contact Information for Further Support

For any inquiries or concerns regarding the BenchRest Neck Die 1 1/4, please refer to the manual for assistance. Ensure you have the product details ready when seeking support.

Conclusion

The BenchRest Neck Die 1 1/4 is a highprecision tool designed for serious reloaders. By following these safety instructions, you can ensure a safe and efficient reloading experience. Always prioritize safety and consult the manual for further guidance. Thank you for your attention to these important safety measures.
