

Bench-Rest Neck Die 1 1/4 - Bench-Rest Neck Die 45-70 Gov't

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRest Neck Die Safety Instructions

Introduction

Thank you for choosing the BenchRest Neck Die 1 1/4 for your reloading needs. This product is designed to provide precision in seating match bullets, ensuring optimal performance and safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always ensure you are using the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Use the product only for its intended purpose; do not modify or alter it in any way.
- If you encounter any issues while using the product, stop immediately and consult the manual or seek professional assistance.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Ensure that the work area is clean and free from obstructions.
- Be aware of sharp edges and moving parts when using the die.
- Handle all components with care to avoid injury.

- **Avoiding Hazards:**

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Do not exceed the recommended load specifications for the die.
- Ensure that the die is securely installed before use to prevent accidents.
- Keep hands and other body parts clear of the die during operation.

- **AgeSpecific Warnings:**

- This product is intended for use by adults and should not be used by children.
- Ensure that anyone using the product is knowledgeable about reloading and understands the associated risks.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is compatible with the BenchRest Neck Die 1 1/4.
2. Securely attach the die to the press according to the manufacturer's instructions.
3. Check that all components are tight and properly aligned before proceeding.

- **Usage:**

1. Prepare your cartridge cases according to standard reloading procedures.
2. Insert the cartridge case into the die, ensuring proper alignment.
3. Slowly and steadily operate the press to seat the bullet, maintaining control throughout the process.
4. Inspect the seated bullet for proper alignment and concentricity.

5. Repeat the process as necessary for additional cartridges.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, seek out a designated recycling facility or hazardous waste disposal service.

Contact Information for Further Support

For any questions or concerns regarding the BenchRest Neck Die 1 1/4, please refer to the manufacturer's manual or consult with a professional in reloading. It is important to seek assistance if you are unsure about any aspect of the product's use or safety.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 1 1/4. Thank you for your attention to safety and for choosing our product.
