

# Seater with Crimp 1 1/4 - Seater with Crimp 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to provide you with reliable performance for bullet seating. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the Seater with Crimp according to the manufacturer's instructions.
- Ensure that the working area is clean, dry, and welllit to prevent accidents.
- Keep the product out of reach of children and unauthorized users.
- Wear appropriate safety gear, including safety glasses and gloves, when using the product.
- Regularly inspect the Seater with Crimp for any signs of wear or damage before each use.
- Do not modify the product in any way that could compromise its safety or functionality.

## Specific Safety Precautions for Use

- **Thread Safety:** Ensure that the thread size matches your equipment to avoid improper installation.
- **Crimping Safety:** When using the crimp feature, ensure that the cartridge case is securely positioned to prevent accidents.
- **Avoid Overloading:** Do not exceed the recommended limits for the bullet and cartridge specifications.
- **Storage:** Store the Seater with Crimp in a secure location, away from moisture and extreme temperatures.
- **DistractionFree Environment:** Avoid using the product when you are distracted or under the influence of substances that impair your judgment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the press is turned off and unplugged before installation.
- Attach the Seater with Crimp to your reloading press using the appropriate thread size (1 1/4).
- Securely tighten the connection to prevent any movement during use.

### 2. Usage:

- Insert the bullet into the cartridge case.
- Align the cartridge case with the seater head.
- If using the crimp feature, adjust the seater head as needed for the desired crimp depth.
- Slowly operate the press to seat the bullet into the cartridge case.
- Regularly check the seating depth for consistency and accuracy.

### 3. PostUsage:

- Clean the Seater with Crimp after each use to maintain its performance.
- Inspect for any wear or damage and replace parts as necessary.

## **Disposal Instructions**

- Dispose of any defective or damaged parts according to local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's contact information provided in the product manual or packaging. It is important to reach out for guidance on safety inquiries or product issues.

By following these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 1 1/4. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
