Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

## Attributes

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed for safely seating bullets with the option to crimp the cartridge case. To ensure your safety and the proper use of this product, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always use the Seater with Crimp in accordance with the manufacturer's instructions.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Store the product in a dry and secure location when not in use.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that you are using the correct seater head for the bullet type to improve accuracy and concentricity.
- When crimping, ensure that the cartridge case is securely held in place to prevent accidents.
- Do not exceed the recommended pressure settings during the seating process.
- Wear appropriate safety gear, including eye protection, when operating the Seater with Crimp.
- Avoid loose clothing and jewelry that could become entangled during operation.
- Always maintain a clean and organized workspace to reduce the risk of accidents.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the workspace is clean and free of obstructions.
- Secure the Seater with Crimp to a stable surface using appropriate mounting hardware.
- Select the desired seater head and attach it to the seater body according to the manufacturer's instructions.

### 2. Usage

- Prepare the cartridge case and bullet for seating.
- Place the cartridge case in the seater.
- Align the bullet with the seater head and gently push it into the case.
- If crimping, adjust the seater head to the appropriate crimp setting.
- Apply steady pressure to seat the bullet fully into the cartridge case.
- Inspect the finished cartridge for proper seating and crimping.

## Disposal Instructions

- Dispose of any unused or expired cartridges and components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Follow local guidelines for hazardous materials if applicable.
- Consider recycling components where possible.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the Seater with Crimp, please refer to the manufacturer's website or contact their customer service directly.

By following these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 1 1/4. Thank you for your attention to safety.
