

# Seater with Crimp 1 1/4 - Seater with Crimp 224 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to assist in the precise seating of bullets while providing the option to crimp the mouth of the cartridge case. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always read the product manual before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage.
- Use appropriate personal protective equipment (PPE) when handling the product.
- Report any unsafe conditions or incidents to the relevant authorities.
- Regularly check for product recalls on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards such as sharp edges and moving parts.
- **Proper Handling:** Always handle the seater with care to avoid injury.
- **Crimping Caution:** When using the crimp feature, ensure that the cartridge case is securely positioned to prevent accidents.
- **Bullet Selection:** Use only compatible bullets with the seater head to ensure proper functioning and safety.
- **Work Area:** Maintain a clean and organized workspace to minimize risks of accidents.
- **Supervision:** If inexperienced users are present, ensure they are supervised by a knowledgeable individual.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the workspace is clean and free from obstructions.
- Select the appropriate seater head for your bullet type.
- Securely attach the seater head to the main body of the device according to the manufacturer's instructions.

### 2. Usage:

- Place the cartridge case in the designated area of the seater.
- If crimping is desired, adjust the seater according to the instructions provided.
- Insert the bullet into the cartridge case.
- Operate the seater mechanism gently and steadily to seat the bullet.
- Inspect the seated bullet for proper alignment and crimping.

### 3. PostUsage:

- Clean the seater after use to prevent residue buildup.
- Store the product in a safe, dry place away from children and pets.

## **Disposal Instructions**

- Dispose of any defective or damaged products in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal and plastic components where available.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the Seater with Crimp 1 1/4, please refer to the product manual or contact your local distributor for assistance.

Thank you for prioritizing safety in your use of the Seater with Crimp 1 1/4. Your adherence to these guidelines helps ensure a safer experience for all users.
