

Seater with Crimp 1 1/4 - Seater with Crimp 6mm Dasher

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4 Seater with Crimp 6mm Dasher

Introduction

Thank you for choosing the Seater with Crimp 1 1/4 Seater with Crimp 6mm Dasher. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of this product.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when using the bullet seater.
- Ensure that the workspace is clean and free of obstructions.
- Do not exceed the recommended specifications for the bullet or cartridge case.
- Avoid using the bullet seater if it shows signs of damage or malfunction.
- Be aware of your surroundings and ensure that no one is in the vicinity of the bullet seater while in use.
- Do not attempt to modify or alter the product in any way.

Instructions for Installation and Usage

1. Installation

- Ensure that the workbench or surface is stable and secure.
- Attach the bullet seater to the reloading press according to the manufacturer's instructions.
- Check that the seaterhead is properly secured before use.

2. Usage

- Insert the bullet into the guide bushing of the seater.
- Adjust the crimp setting as needed based on your specific requirements.
- Apply a steady, even pressure to seat the bullet into the cartridge case.
- If using the crimp feature, ensure that the crimp is applied evenly around the mouth of the cartridge case.
- After seating the bullet, inspect the cartridge for proper seating and crimping.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or special disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the product, please consult the manufacturer's website or customer

support resources. Ensure you have the product information available for reference.

By following these guidelines, you can help ensure a safe and effective experience with your Seater with Crimp 1 1/4 Seater with Crimp 6mm Dasher. Thank you for prioritizing safety and compliance with EU regulations.
