Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Seater with Crimp 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to assist in the precise seating of bullets in cartridge cases, ensuring accuracy and reliability in your reloading process. It is important to follow safety guidelines to ensure safe and effective use.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the workspace is clean, organized, and free from distractions.
- Use the product only for its intended purpose as described in this manual.
- Keep the product out of reach of children and unauthorized users.
- Wear appropriate safety gear, such as safety glasses, when operating the product.
- Regularly inspect the product for wear or damage before use.
- If you notice any malfunction or damage, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Ensure that the bullet seating operation is performed in a wellventilated area.
- Do not exceed the recommended load specifications for your cartridges.
- Always verify that the bullet and cartridge case are compatible before seating.
- Avoid placing fingers in any moving parts during operation to prevent injury.
- When using the crimp feature, make sure to adjust the crimping depth correctly to avoid overcrimping, which can affect accuracy and safety.
- Store the product in a safe location when not in use, preferably in a locked cabinet.

Instructions for Installation and Usage

Installation

1. **Preparation:** Gather all necessary tools and components for installation.
2. **Mounting:** Securely mount the seater in your reloading press according to the manufacturer's instructions.
3. **Adjustment:** Adjust the seating depth according to the specifications for the bullet you are using.

Usage

1. **Loading:** Place the cartridge case in the reloading press.
2. **Seating the Bullet:** Insert the bullet into the case and activate the press to seat the bullet.
3. **Crimping (if applicable):** If using the crimp feature, adjust the crimping mechanism as needed and activate the press to crimp the cartridge case.
4. **Inspection:** After seating and crimping, inspect the cartridge to ensure proper seating and crimping.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for information on safe disposal practices.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's contact

information provided in the product packaging or manual.

By following these safety instructions, you can ensure a safe and efficient reloading experience with the Seater with Crimp 1 1/4. Always prioritize safety and compliance with local laws and regulations.
