

# Seater with Crimp 1 1/4 - Seater with Crimp 6,5x68 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to assist in the precise seating of bullets while providing the option to crimp the cartridge case. This guide provides essential safety information and instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) when using this product, including safety glasses and gloves.
- Keep the workspace clean and free of obstructions to prevent accidents.
- Store the product in a safe, dry place away from children and pets.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure that the Seater is securely mounted before use.
- Do not exceed the recommended pressure limits when seating bullets.
- Use only compatible bullet types with the seaterhead for optimal performance and safety.
- Avoid direct contact with the crimping mechanism during operation to prevent injury.
- Keep hands and other body parts away from moving parts while the product is in use.
- If you experience any unusual noises or resistance during operation, stop using the product immediately and inspect it for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the workspace is clean and organized.
- Securely mount the Seater with Crimp 1 1/4 to a stable surface.
- Attach the desired seaterhead by following the manufacturer's instructions.
- Confirm that all components are securely fastened before proceeding.

### 2. Usage:

- Prepare your cartridge case and bullet according to standard reloading practices.
- Insert the bullet into the guide bushing of the seater.
- Adjust the seating depth according to your specifications.
- If crimping is desired, ensure the crimping mechanism is engaged.
- Slowly and steadily operate the seater to seat the bullet securely in the cartridge case.
- After use, clean the product to remove any residues.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is no longer usable, consider recycling components where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please refer to the manufacturer's manual or contact your local distributor.

By following these guidelines, you can ensure a safe and effective experience with the Seater with Crimp 1 1/4. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
