Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

NO IMAGE  
AVAILABLE

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to assist in the precise seating of bullets while offering the option to crimp the cartridge case. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, organized, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the product.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the bullet is correctly aligned in the guide bushing before seating.
- Do not exceed the recommended seating pressure to avoid damaging the bullet or the cartridge case.
- Always check that the seaterhead is securely attached before use.
- If using the crimp feature, ensure that the crimping is done uniformly to prevent inconsistent bullet seating.
- Do not attempt to modify or alter the product in any way.
- Store the product in a dry and safe location when not in use.

## Instructions for Installation and Usage

### 1. Installation of the Seaterhead:

- Ensure the press is turned off and unplugged.
- Remove the existing seaterhead by loosening the retaining screw.
- Select the appropriate seaterhead for your bullet type.
- Attach the new seaterhead securely by tightening the retaining screw.

### 2. Loading the Cartridge:

- Place the cartridge case into the shell holder of the press.
- Insert the bullet into the case mouth, ensuring it is seated properly.

### 3. Seating the Bullet:

- Slowly pull the handle of the press to lower the seaterhead onto the bullet.
- Apply steady pressure until the bullet is seated to the desired depth.
- If crimping, continue to apply pressure until the crimp is formed.

### 4. Inspection:

- After seating, visually inspect the cartridge to ensure proper seating and crimping.
- Measure the overall length of the cartridge to confirm it meets specifications.

## **Disposal Instructions**

- Dispose of any damaged or unused components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of the Seater with Crimp 1 1/4. Enjoy your reloading experience and stay safe!
