

# Seater with Crimp 1 1/4 - Seater with Crimp 300 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Safety Instruction Guide for Seater with Crimp 1 1/4

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed for safe and efficient bullet seating. Please read this safety instruction guide carefully to ensure proper use and compliance with safety regulations.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage.
- Report any unsafe product conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the Seater with Crimp in a wellventilated area to avoid inhaling any dust or particles.
- Always wear appropriate safety gear, including eye protection and gloves, when using this product.
- Avoid using excessive force when seating bullets to prevent damage to the product or injury.
- Do not exceed the recommended specifications for bullet types and cartridge cases.
- Ensure that all components are securely fastened before use to prevent accidents.

## Instructions for Installation and Usage

### 1. Setup:

- Place the Seater with Crimp securely on a stable work surface.
- Ensure that the seaterhead is correctly installed. If a different type of seaterhead is needed, replace it according to the manufacturer's instructions.

### 2. Seating Bullets:

- Insert the cartridge case into the seater.
- Position the bullet into the case mouth.
- Pull the handle down smoothly to seat the bullet. Do not apply excessive force.
- If crimping is desired, adjust the seaterhead to crimp the mouth of the cartridge case as needed.

### 3. PostUse:

- Clean the Seater with Crimp after use to maintain its performance.
- Store the product in a dry and safe location, away from children.

## Disposal Instructions

- Dispose of the Seater with Crimp in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact information provided with the product.

Thank you for your attention to these safety instructions. Your careful use of the Seater with Crimp 1 1/4 will help ensure a safe and enjoyable experience.
