Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instructions for the Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to assist in the precise seating of bullets while providing the option to crimp the cartridge case. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any signs of damage before use.
- Use the product only for its intended purpose as described in this guide.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the workspace is clean and free of obstructions to prevent accidents.
- Wear appropriate safety gear, including safety glasses and gloves, while using the product.
- Do not exceed the recommended specifications for bullet types and cartridge cases.
- Avoid using the product if you are under the influence of alcohol or drugs.
- Be aware of your surroundings and keep bystanders at a safe distance while operating the product.

Instructions for Installation and Usage

Installation

1. **Unpack the Product:** Carefully remove the Seater with Crimp from the packaging. Ensure all components are included.
2. **Check Components:** Verify that the seaterhead and other parts are intact and free from damage.
3. **Attach the Seater:**
 - Securely attach the Seater with Crimp to the reloading press according to the manufacturer's guidelines.
 - Ensure that it is tightly fastened to prevent any movement during use.

Usage

1. **Adjust the SeaterHead:**
 - Select the appropriate seaterhead for the bullet type you are using.
 - Follow the instructions to replace the seaterhead if necessary.
2. **Load the Cartridge Case:**
 - Place a cartridge case into the seater.
 - Ensure that it is positioned correctly for accurate seating.
3. **Seat the Bullet:**
 - Insert the bullet into the cartridge case.
 - Operate the reloading press to seat the bullet firmly.
4. **Crimping Option:**
 - If desired, adjust the settings to crimp the mouth of the cartridge case.
 - Ensure that the crimp is applied evenly and securely.
5. **Inspect the Finished Cartridge:**
 - Check the seated bullet and crimp for proper alignment and depth.

- Discard any cartridges that do not meet safety standards.

Disposal Instructions

- Dispose of any defective or unused components in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental harm.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's official website or contact their customer support for assistance.
