Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instructions for the Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed for safely seating bullets in reloading applications. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from improper handling or use.
- Potential for equipment malfunction if not maintained properly.
- Risk of damage to the cartridge case if crimping is not performed correctly.

• Avoiding Hazards:

- Always wear appropriate safety gear, including safety glasses, when using the product.
- Do not exceed the recommended specifications for bullet seating.
- Ensure that the bullet is properly aligned before seating.
- Avoid using the seaterhead with incompatible bullet types.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Adult supervision is required for any use by individuals aged 1821.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged before installation.
- Select the appropriate seaterhead for the bullet type you are using.
- Securely attach the seaterhead to the reloading press according to the manufacturer's instructions.

2. Usage:

- Prepare your cartridge cases and bullets as per standard reloading practices.
- Insert the cartridge case into the reloading press.
- Align the bullet with the cartridge case mouth.
- Engage the seater mechanism gently to seat the bullet. If crimping is desired, adjust the

seaterhead accordingly.

- Inspect the seated bullet for proper depth and alignment before proceeding with further reloading steps.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check for any recycling options available in your area for metal components.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the Seater with Crimp 1 1/4, please refer to the manufacturer's customer support resources.

By adhering to these safety instructions, you can ensure a safe and effective experience with your Seater with Crimp 1 1/4. Thank you for prioritizing safety in your reloading practices.
