Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# Seater with Crimp 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to provide efficient bullet seating and crimping for your reloading needs. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding your product's safety, usage, and maintenance.

## General Safety Guidelines

- Ensure you are familiar with the reloading process before using this product.
- Always wear safety glasses and appropriate protective gear when reloading.
- Keep the work area clean and organized to avoid accidents.
- Store the product in a secure location, out of reach of children and pets.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition and reloading practices.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use can lead to accidents or injuries. Always follow the instructions provided.
- Be cautious of sharp edges and moving parts during operation.

- **Avoiding Hazards:**

- Do not exceed the recommended load limits for your cartridges.
- Ensure the bullet is seated properly before crimping to avoid misfires.
- Do not use excessive force when operating the seaterhead.
- Keep fingers and hands clear of the seaterhead during operation to prevent injury.

- **Agespecific Warnings:**

- This product is intended for use by individuals who are 18 years of age or older. Keep out of reach of children.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure the reloading press is securely mounted and stable.
2. Attach the Seater with Crimp 1 1/4 to the reloading press according to the manufacturer's instructions.
3. Select the appropriate seaterhead for the bullet you are using. Replace the seaterhead if necessary.

- **Usage:**

1. Prepare your cartridge cases and ensure they are clean and free of debris.
2. Insert a bullet into the cartridge case, aligning it properly.
3. Adjust the seater to the desired depth for bullet seating.
4. Operate the reloading press to seat the bullet firmly in place.
5. If desired, utilize the crimping option to secure the bullet in the case mouth.
6. Inspect each cartridge for proper seating and crimping before use.

## **Disposal Instructions**

- Dispose of any defective or unusable parts according to local regulations.
- Do not dispose of ammunition or components in regular household waste.
- Follow local guidelines for hazardous waste disposal for any materials that may be considered hazardous.

## **Contact Information for Further Support**

For any questions or concerns regarding the Seater with Crimp 1 1/4, please refer to the manufacturer's contact information provided with the product or in the user manual.

## **Conclusion**

By following the safety guidelines and instructions outlined in this document, you can ensure a safe and effective reloading experience with your Seater with Crimp 1 1/4. Always prioritize safety and consult the manual for any specific questions or further assistance.
