

Seater with Crimp 1 1/4 - Seater with Crimp 358 Win

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4 Seater with Crimp 358 Win

Introduction

Thank you for choosing the Seater with Crimp 1 1/4 Seater with Crimp 358 Win. This product is designed to provide you with a reliable and efficient method for seating bullets in your reloading process. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Always wear appropriate safety gear, such as eye protection, when using this product.
- Be aware of your surroundings and ensure that the workspace is clean and free from distractions.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Read the product manual thoroughly before use to understand all features and functions.
- Ensure that the cartridge case is properly positioned in the seater before starting the seating process.
- Do not exceed the recommended load specifications for the bullets you are using.
- Avoid using excessive force when seating the bullet to prevent damage to the product or injury.
- If you experience any malfunction or irregularity during use, stop immediately and inspect the product.
- Use only compatible seaterheads as specified in the product manual to maintain safety and performance.
- Do not attempt to modify or alter the product in any way.

Instructions for Installation and Usage

Installation

1. **Unpack the Product:** Carefully remove the Seater with Crimp from its packaging, ensuring that all components are included.
2. **Select the SeaterHead:** Choose the appropriate seaterhead based on the bullet type you will be using. Refer to the product manual for guidance.
3. **Attach the SeaterHead:** Securely attach the selected seaterhead to the main unit, ensuring a tight fit.
4. **Set Up the Workspace:** Prepare your workspace by ensuring it is clean, welllit, and organized. Gather all necessary tools and materials.

Usage

1. **Prepare the Cartridge Case:** Ensure that the cartridge case is clean and free of any obstructions.
2. **Insert the Cartridge Case:** Place the cartridge case into the seater, ensuring it is seated correctly in the guide bushing.
3. **Load the Bullet:** Position the bullet in the mouth of the cartridge case.
4. **Seat the Bullet:** Gently pull the handle to seat the bullet into the cartridge case. Ensure that the bullet is seated to the desired depth.
5. **Crimping (if applicable):** If you choose to crimp the cartridge case, adjust the settings as necessary and proceed with the crimping process.
6. **Inspect the Finished Cartridge:** After seating and crimping, inspect the cartridge for proper seating and crimping.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal guidelines.
- Ensure that all materials, including packaging, are disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the Seater with Crimp 1 1/4 Seater with Crimp 358 Win, please refer to the product manual for detailed support options. It is important to ensure that you have access to assistance if needed for safe usage and maintenance of the product.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Seater with Crimp 1 1/4 Seater with Crimp 358 Win. Thank you for your attention to these guidelines.
