

Seater with Crimp 1 1/4 - Seater with Crimp 416 Rem Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4 Seater with Crimp 416 Rem Mag

Introduction

Thank you for choosing the Seater with Crimp 1 1/4 Seater with Crimp 416 Rem Mag. This product is designed to provide a reliable method for seating bullets with the option to crimp the cartridge case. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Inspect the product for any damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling.
- Store the product in a cool, dry place away from direct sunlight and moisture.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure the bullet seater is compatible with the bullets you are using to avoid misalignment.
- Always doublecheck that the seaterhead is securely attached before use.
- Do not exceed the recommended load for your cartridges.
- Avoid distractions while using the product to maintain focus and control.
- Use the crimp feature only when necessary and ensure it is properly set up to prevent damage to the cartridge.

Instructions for Installation and Usage

1. Installation of SeaterHead

- Remove the existing seaterhead by loosening the locking mechanism.
- Select the appropriate seaterhead for your bullet type.
- Attach the new seaterhead by securing it with the locking mechanism.

2. Using the Bullet Seater

- Place the cartridge case in the appropriate position in the reloading press.
- Insert the bullet into the mouth of the cartridge case.
- Activate the reloading press to seat the bullet. Ensure the bullet is seated to the desired depth.
- If crimping, adjust the crimp setting according to your specifications and activate the press again.

3. PostUse Care

- Clean the bullet seater after use to remove any residue.
- Store the product in its designated place to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or further assistance regarding the Seater with Crimp 1 1/4 Seater with Crimp 416 Rem Mag, please refer to the manufacturer's contact details provided in the product packaging.

Thank you for prioritizing safety while using our product. Your adherence to these guidelines helps ensure safe and effective use.
