

Seater with Crimp 1 1/4 - Seater with Crimp 416 Rigby

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Seater with Crimp 1 1/4 Seater with Crimp 416 Rigby Safety Instruction Guide

Introduction

Thank you for choosing the Seater with Crimp 1 1/4 Seater with Crimp 416 Rigby. This product is designed for safely seating bullets while providing the option to crimp cartridge cases. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the Seater with Crimp with care to prevent accidents.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding ammunition reloading and use.
- Regularly inspect the product for wear and tear. Replace any damaged parts immediately.
- In case of any doubts regarding safety or usage, consult the manual or seek professional assistance.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper handling may lead to personal injury.
- Using incompatible seaterheads may affect accuracy and safety.

- **Instructions for Avoiding Hazards:**

- Always ensure that the bullet is properly seated before use.
- Do not exceed recommended load limits when reloading.
- Use the correct seaterhead compatible with the bullet type being used.
- Avoid distractions while using the product to maintain focus.

- **AgeSpecific Warnings:**

- This product is intended for use by adults only.
- Keep the product away from children and inexperienced users.

Instructions for Installation and Usage

1. Installation:

- Ensure that your workspace is clean and organized.
- Attach the seaterhead securely to the main body of the seater.
- Check that all components are functioning correctly before use.

2. Usage:

- Place the cartridge case in the appropriate position.
- Insert the bullet into the case mouth.
- Adjust the seaterhead as necessary for the specific bullet being used.
- Operate the seater to seat the bullet until it is at the desired depth.
- If crimping is required, adjust the settings to crimp the mouth of the cartridge case accordingly.

- After use, clean the product to maintain its condition.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manual or contact the manufacturer directly.

Thank you for prioritizing safety and compliance while using the Seater with Crimp 1 1/4 Seater with Crimp 416 Rigby. Your safety is our top priority.
