

Seater with Crimp 1 1/4 - Seater with Crimp 45-70 Gov't

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seater guides the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed to provide a reliable and efficient method for seating bullets with the option to crimp. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read the manufacturer's instructions before use.
- Ensure that the product is used in a wellventilated area.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling components.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the bullet seater is securely mounted before operation.
- Do not exceed the recommended pressure limits when seating bullets.
- Use only compatible bullet types with the seaterhead to avoid malfunctions.
- Avoid wearing loose clothing or jewelry that may become entangled in the equipment.
- Do not attempt to modify the product in any way, as this may compromise safety and performance.
- Always follow proper reloading practices to minimize risks associated with ammunition handling.

Instructions for Installation and Usage

1. Installation

- Mount the bullet seater securely on a stable surface.
- Ensure that the seaterhead is properly attached and tightened.
- Check that all components are free from obstruction.

2. Usage

- Place the cartridge case in the seater.
- Insert the bullet into the cartridge case.
- Operate the seater handle smoothly to seat the bullet.
- If crimping is desired, adjust the seater as per the instructions provided in the manual.
- After seating, inspect the cartridge to ensure proper seating depth and crimp.

3. PostUsage

- Clean the seater after use to prevent residue buildup.
- Store the product in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For additional support or inquiries regarding safety and usage, please refer to the manufacturer's contact information provided in the product manual.

By following these safety instructions, you can ensure the safe use of the Seater with Crimp 1 1/4 and maintain a safe reloading environment. Thank you for your attention to these important guidelines.
