

Seater with Crimp 1 1/4 - Seater with Crimp 458 Lott

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed for precision bullet seating and crimping. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information on how to use, install, and dispose of the product safely, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses and gloves, when using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before use. Do not use if damaged.
- Store the product in a dry, cool place to prevent corrosion or degradation.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the Seater with Crimp 1 1/4 with compatible cartridges as specified in the manual.
- Do not exceed the maximum pressure limits recommended for the cartridges being used.
- Ensure that the work area is clean and free from obstructions to prevent accidents.
- Avoid distractions while using the product to maintain focus and safety.
- Never attempt to modify the product or use it for purposes other than intended.
- If you experience any issues during use, stop immediately and consult the manual for troubleshooting.

Instructions for Installation and Usage

1. Installation:

- Ensure the press is securely mounted on a stable surface.
- Attach the Seater with Crimp 1 1/4 to the press according to the manufacturer's instructions.
- Verify that the seaterhead is correctly installed and tightly secured.

2. Usage:

- Prepare your cartridges and ensure they are clean and free from debris.
- Insert the bullet into the cartridge case and position it under the seater.
- Adjust the seating depth as required for your specific load.
- Operate the press smoothly to seat the bullet.
- If crimping is desired, adjust the crimping die according to the instructions provided in the manual.
- Inspect the finished cartridge for proper seating and crimping before use.

Disposal Instructions

- Dispose of any unused or damaged cartridges in accordance with local regulations.
- The Seater with Crimp 1 1/4 should be disposed of as general waste unless otherwise specified by local laws.
- Do not dispose of the product in fire or water bodies.

Contact Information for Further Support

For any further assistance or inquiries regarding safety or usage of the Seater with Crimp 1 1/4, please refer to the manufacturer's contact information provided in the product manual.

By following these guidelines, you can ensure a safe and effective experience with the Seater with Crimp 1 1/4. Thank you for prioritizing safety in your reloading practices.
