Bullet Seater with crimp (Seat)

Our standard bullet seaters guide the bullet in an exact guide bushing. This ensures good accuracy.

The Bullet Seater is the solid choice for quickly seating the bullet.

As standard, the Bullet Seater offers the option to crimp the mouth of the cartridge case. This means that you can work with or without a crimp.

The seater-head can be easily replaced to another type. We offer various types of seater-heads.

Choosing the correct seater head for the bullet used often improves concentricity significantly.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for Seater with Crimp 1 1/4

Introduction

Thank you for choosing the Seater with Crimp 1 1/4. This product is designed for safe and efficient bullet seating. To ensure your safety and the proper functioning of the product, please read this guide carefully. It contains important information about safety, installation, usage, and disposal.

General Safety Guidelines

- Always use the Seater with Crimp in accordance with the manufacturer's instructions.
- Inspect the product for any damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Ensure a clean and organized workspace to prevent accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the product.
- Be aware of your surroundings and ensure no one is in close proximity while using the product.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from moving parts when operating the seater.
- Risk of improper seating if the correct seaterhead is not used.

• Avoiding Hazards:

- Always ensure the seaterhead is securely attached before use.
- Do not attempt to modify or tamper with the product.
- Follow the recommended procedure for crimping to avoid damaging the cartridge case.
- Use only compatible bullets with the seater for optimal safety and performance.
- Do not exceed the recommended load specifications for the product.

• Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18.
- Ensure that anyone using the product is trained and knowledgeable about safe reloading practices.

Instructions for Installation and Usage

1. Installation:

- Ensure the workspace is clean and free from obstructions.
- Securely attach the Seater with Crimp to your reloading press according to the manufacturer's instructions.
- Choose the appropriate seaterhead for the bullet you will be using and attach it to the seaterhead holder.

2. Usage:

- Place the cartridge case into the reloading press.
- Insert the bullet into the case mouth.

- Adjust the seating depth according to your specifications by turning the adjustment screw on the seater.
- If crimping is desired, ensure the crimping feature is engaged by following the manufacturer's instructions.
- Operate the press to seat the bullet firmly into the case.
- Inspect the completed cartridge for proper seating and crimping.

3. PostUsage:

- After use, clean the seater to remove any residue or debris.
- Store the product in a dry, cool place away from direct sunlight.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any inquiries or assistance regarding the Seater with Crimp, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

By following these guidelines, you can ensure a safe and effective experience while using the Seater with Crimp 1 1/4. Your safety is our priority. Thank you for your attention to these important instructions.
