

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 5,6x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 5,6x57. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. To ensure your safety and the effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose.
- Always handle the product with care and keep it out of reach of children.
- Regularly inspect the product for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the seater.
- Do not use the product in any manner that is not described in the instructions.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always verify that the seater head is securely attached before use.
- Ensure that the cartridge case is properly aligned in the guide sleeve to avoid misfires.
- Avoid overtightening the seater head, as this may cause damage or affect performance.
- Do not attempt to modify or repair the product unless instructed to do so by the manufacturer.
- Keep the work area clean and free from obstructions to prevent accidents during use.
- Store the product in a dry and safe location when not in use.

## Instructions for Installation and Usage

### 1. Installation of Seater Head

- Select the appropriate seater head for the bullet you are using.
- Align the seater head with the main body of the BenchRestSeater.
- Secure the seater head by tightening it until it is snug, but do not overtighten.

### 2. Preparing for Seating Operation

- Ensure that the work area is clean and organized.
- Inspect the cartridge case and bullet for any defects before use.
- Insert the cartridge case into the guide sleeve, ensuring it is properly seated.

### 3. Seating the Bullet

- Carefully place the bullet into the cartridge case.
- Slowly and steadily apply pressure to the seater head to seat the bullet.
- Monitor the process to ensure that the bullet is seated correctly and that there is no runout.

### 4. PostOperation Care

- After use, clean the BenchRestSeater to remove any debris or residue.
- Store the product in a safe and dry location, away from children and pets.

## **Disposal Instructions**

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, follow local guidelines for electronic waste or hazardous materials if applicable.

## **Contact Information for Further Support**

For any inquiries or support regarding the BenchRestSeater, please refer to the manufacturer's contact details provided in the product manual or packaging. Ensure that you have the product information ready for a quicker response.

Thank you for choosing our product. We wish you safe and successful reloading!
