

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 6x70 R

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and BenchRestSeater 6x70 R. This product is designed to provide high precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- Potential for injury if the seaterhead is not properly secured.
- Risk of incorrect bullet seating leading to misfires or other malfunctions.

• Instructions for Avoiding Hazards:

- Always check that the seaterhead is firmly attached before use.
- Use the correct seaterhead type for the bullet being used to improve concentricity.
- Do not exceed the recommended seating pressure; excessive force can damage the product or cause injury.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when operating the seater.

Instructions for Installation and Usage

• Installation:

1. Select the appropriate seaterhead for the bullet type.
2. Ensure the benchrestseater is securely mounted to a stable surface.
3. Attach the chosen seaterhead to the main body of the BenchRestSeater by following the manufacturer's instructions.

• Usage:

1. Place the cartridge case into the seating chamber.
2. Insert the bullet into the cartridge case.
3. Slowly lower the seaterhead until it contacts the bullet.
4. Apply steady pressure to seat the bullet into the cartridge case.
5. Inspect the cartridge for proper seating and concentricity before proceeding.

Disposal Instructions

- Dispose of the BenchRestSeater and any associated components in accordance with local regulations.
- Do not dispose of the product in household waste. Check for local recycling programs that accept metal.

and plastic components.

Contact Information for Further Support

For any inquiries regarding the BenchRestSeater, please refer to the product manual or contact the manufacturer's customer support.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater. Always prioritize safety and proper usage practices to maximize the performance of your equipment. Thank you for your attention to these guidelines.
