

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 257 Wea Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 1 1/4 BenchRestSeater 257 Wea Mag Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 257 Wea Mag. This product is designed to provide precision in seating match bullets, ensuring the highest level of accuracy in your shooting endeavors. However, it is essential to follow safety guidelines to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always read and understand the manual before using the product.
- Ensure that the work area is clean and free of distractions.
- Use the product only for its intended purpose as described in the manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- In case of any malfunction or damage, cease use immediately and contact support.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the BenchRestSeater.
- Ensure that the cartridge case is securely positioned in the guide sleeve before seating.
- Do not force the bullet into the cartridge case; apply steady pressure to avoid damaging the bullet or the seating mechanism.
- Be aware of your surroundings and ensure that no one is in close proximity while using the product.
- Store the BenchRestSeater in a safe location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Installation

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the seaterhead is properly attached and secured before use.
- Select the appropriate seaterhead for the bullet type you are using to enhance concentricity.

2. Usage

- Prepare your cartridge case and bullet according to the specifications.
- Insert the cartridge case into the guide sleeve, ensuring it is seated correctly.
- Gently insert the bullet into the cartridge case, applying even pressure.
- Observe the seating process to ensure proper alignment and concentricity.
- Once the bullet is seated, remove the cartridge case from the guide sleeve and inspect it for proper seating.

Disposal Instructions

- Dispose of the BenchRestSeater in accordance with local regulations.
- If the product is damaged beyond repair, ensure that it is disposed of safely to prevent any potential hazards.
- Recycle materials where possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the manual for specific contact information for support.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 1 1/4 BenchRestSeater 257 Wea Mag. Always prioritize safety and seek assistance if you have any doubts regarding the use of this product. Thank you for your attention to these guidelines.
