

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 6,5x64

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and BenchRestSeater 6.5x64. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle ammunition and reloading tools with care.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the BenchRestSeater in a wellventilated area to avoid inhalation of any dust or particles.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the product.
- Ensure that the work surface is stable and secure to prevent accidents during use.
- Do not exceed the recommended specifications for bullet types and sizes.
- Avoid distractions while using the seater to maintain focus and precision.
- Follow all local regulations regarding the handling and storage of reloading equipment and ammunition.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the seater is securely attached to your reloading press according to the manufacturer's instructions.
- Check that the seaterhead is properly fitted and locked in place before use.

### 2. Usage:

- Select the appropriate seaterhead based on the bullet type you are using. This can significantly improve concentricity.
- Insert the cartridge case into the guide sleeve, ensuring it is positioned correctly.
- Place the bullet into the seaterhead, aligning it with the cartridge case.
- Slowly and steadily press the handle of the reloading press to seat the bullet into the case.
- Inspect the seated bullet for proper alignment and concentricity before proceeding with further reloading steps.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Instead, consult local guidelines for the disposal of reloading equipment and materials.

## Contact Information for Further Support

For any inquiries or concerns regarding the BenchRestSeater, please consult the product manual or visit the

manufacturer's website for additional resources and support.
