

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 7x57

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 and BenchRestSeater 7x57. This product is designed to provide the highest precision in seating match bullets. It is essential to use this product safely and correctly to ensure optimal performance and safety.

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Use only compatible bullet types as specified in the product manual to ensure proper function.
- Always wear appropriate safety gear, such as safety glasses, when using the seater.
- Ensure that the work area is clean and free from any obstructions or hazards.
- Do not exceed the recommended load specifications for the bullets used.
- Avoid using the product in damp or wet conditions to prevent electrical hazards.
- If you experience any malfunction or irregularity during operation, stop using the product immediately and consult the manual.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the work surface is stable and secure.
- Attach the BenchRestSeater to the work surface using appropriate fasteners.
- Ensure that the seaterhead is securely attached before use.

### 2. Usage:

- Select the correct seaterhead based on the bullet type you will be using.
- Insert the cartridge case into the guide sleeve, ensuring proper alignment.
- Place the bullet into the cartridge case.
- Gently lower the seaterhead onto the bullet, applying even pressure to ensure proper seating.
- Check the bullet seating depth using calipers or a similar measuring tool for accuracy.
- Repeat the process for additional cartridges, ensuring consistency in seating depth.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- If the product becomes damaged beyond repair, dispose of it in a manner that complies with local waste disposal regulations.
- Do not dispose of the product in general waste if it contains hazardous materials.

## Contact Information for Further Support

For any safety inquiries or additional support, please refer to the product manual or consult with your retailer. It

is important to have a point of contact for any safety concerns.

## **Conclusion**

By following the safety instructions outlined in this guide, you can ensure a safe and effective experience with the BenchRestSeater. Always prioritize safety and stay informed about best practices for using reloading equipment. Thank you for choosing our product, and happy reloading!
