

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 270 WSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 BenchRestSeater 270 WSM Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 270 WSM. This product is designed for precision seating of match bullets, ensuring optimal performance and accuracy. To guarantee your safety and the safe use of this product, please read and follow all safety instructions and guidelines outlined in this document.

## General Safety Guidelines

- Always ensure that you are using the BenchRestSeater in a wellventilated area.
- Keep the workspace clean and organized to prevent accidents.
- Store the product in a safe place, out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Follow all local regulations regarding the use and storage of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use may lead to personal injury or damage to the product.
- Ensure that all components are securely attached before operation.
- Avoid direct contact with moving parts during operation.

- **Avoiding Hazards:**

- Always wear appropriate safety gear, including safety glasses and gloves, when using the BenchRestSeater.
- Do not exceed the recommended specifications for bullet types and sizes.
- Never attempt to modify or alter the product in any way.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 and older.
- Keep out of reach of children and ensure that they do not handle the product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your work surface is stable and level.
- Attach the BenchRestSeater securely to the work surface using the provided mounting hardware.
- Check that the guide sleeve is properly aligned and secured.

### 2. Usage:

- Select the appropriate seaterhead based on the bullet type you are using.
- Insert the cartridge case into the guide sleeve, ensuring it is seated properly.
- Place the bullet in the seaterhead and gently lower it into the cartridge case.
- Apply consistent pressure to seat the bullet without exceeding the recommended force.
- After seating, check the bullet runout for precision.

### 3. **PostUse:**

- Clean the BenchRestSeater after each use to remove any debris or residues.
- Store the product in a dry place, away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact local waste management services for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the BenchRestSeater, including safety concerns or product support, please refer to the manufacturer's contact information provided in the product manual or on the official website.

By following these safety instructions, you will ensure a safe and effective experience with your BenchRestSeater. Thank you for prioritizing safety in your reloading practices.
