

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 300 PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed to provide the highest precision in seating match bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and welllit to avoid accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the seaterhead and guide sleeve for wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only the recommended seaterheads for the specific bullets you are using to maintain concentricity.
- Always wear appropriate safety gear, such as safety glasses, when using the BenchRestSeater.
- Avoid using the product if you are tired, distracted, or under the influence of substances that may impair your judgment.
- Do not modify or alter the BenchRestSeater in any way that may affect its performance or safety.
- If you experience any issues during the seating operation, stop using the product and consult the manual for troubleshooting.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the BenchRestSeater is securely mounted on a stable surface.
- Select the appropriate seaterhead for the bullet you intend to use.
- Attach the seaterhead to the seater body according to the instructions provided in the manual.

### 2. Usage:

- Place the cartridge case into the guide sleeve, ensuring it is properly aligned.
- Insert the bullet into the cartridge case.
- Slowly and steadily apply pressure to the seaterhead to seat the bullet.
- Check for proper seating and concentricity after each operation.
- If necessary, repeat the process using different seaterheads to find the best fit for your specific bullet.

## Disposal Instructions

- Dispose of any damaged or worn components of the BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, utilize designated recycling facilities or hazardous waste disposal services if applicable.

## Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the manual for further

instructions and assistance. You can also check for recall updates on the EU's Safety Gate platform to stay informed about any safety issues related to this product.

Thank you for prioritizing safety while using the BenchRestSeater 1 1/4. Your careful attention to these guidelines will help ensure a safe and effective reloading experience.
