

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 8x75 RS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed to assist you in achieving the highest precision in seating match bullets. It is essential to follow the safety guidelines in this manual to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the BenchRestSeater.
- Ensure that the product is used in a safe environment, free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the BenchRestSeater for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended specifications for the BenchRestSeater.
- Always wear appropriate safety gear, such as eye protection, when using the product.
- Ensure that the cartridge case is properly aligned before seating the bullet to avoid accidents.
- Use the correct seater head for the bullet being used to improve concentricity and safety.
- Avoid placing hands near the seating operation while in use to prevent injury.

Instructions for Installation and Usage

1. Installation

- Ensure the BenchRestSeater is placed on a stable and flat surface.
- Attach the appropriate seater head securely to the seaterhead mount.
- Verify that all components are properly assembled before proceeding.

2. Usage

- Select the correct cartridge case and bullet for your reloading process.
- Insert the cartridge case into the guide sleeve, ensuring proper axial alignment.
- Position the bullet in the seater head.
- Slowly and gently apply pressure to the seater head to seat the bullet into the cartridge case.
- Monitor the process for any irregularities and stop immediately if any issues arise.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the BenchRestSeater in regular household waste.
- Contact local waste management services for proper disposal methods.

Contact Information for Further Support

For any inquiries or support related to the BenchRestSeater, please refer to the manufacturer's contact information provided in the product packaging or manual.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important guidelines.
