

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 8,5x63

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 8,5x63. This product is designed to provide precision in seating match bullets, ensuring optimal performance and safety during use. Please read this safety instruction guide carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the BenchRestSeater is used only for its intended purpose as described in this manual.
- Always follow the manufacturer's instructions regarding the use and maintenance of the product.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly check for any signs of wear or damage. Do not use the product if it is compromised.
- Report any unsafe product conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the BenchRestSeater.
- Ensure that the work area is clean, welllit, and free of any obstructions before using the product.
- Do not exceed the recommended specifications and guidelines provided for the product.
- When changing the seaterhead, ensure the product is not under pressure and is in a safe state.
- Never leave the product unattended while in use.
- Be cautious of sharp edges and moving parts during operation.

Instructions for Installation and Usage

1. Installation:

- Place the BenchRestSeater on a stable, flat surface.
- Ensure that the guide sleeve is properly aligned with the cartridge chamber.
- Secure the seaterhead in place, ensuring it is firmly attached.

2. Usage:

- Insert the cartridge case into the guide sleeve.
- Carefully place the bullet into the cartridge case.
- Apply even pressure to the seaterhead to ensure proper seating of the bullet.
- Monitor the process to ensure that the bullet is seated correctly and concentricity is maintained.
- After use, remove any debris or residue from the product to maintain its functionality.

Disposal Instructions

- Dispose of the BenchRestSeater in accordance with local regulations regarding electronic waste and nonfood product disposal.
- If the product is damaged beyond repair, ensure that it is disposed of in a manner that prevents any potential hazards.

Contact Information for Further Support

For any inquiries regarding safety, usage, or technical support, please refer to the manufacturer's contact details provided in the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater. Thank you for your attention to these important guidelines.
