

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 338 Norma Mag

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of "bullet runout", there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 1 1/4 BenchRestSeater 338 Norma Mag Safety Instructions

Introduction

Thank you for choosing the BenchRestSeater 1 1/4 BenchRestSeater 338 Norma Mag. This product is designed for precision seating of match bullets and ensuring optimal bullet runout. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Ensure that the work area is clean and free from distractions before starting the seating operation.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Inspect the seaterhead and other components for damage before each use.
- Use only compatible bullet types and sizes as specified in the product manual.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the cartridge case is properly aligned in the guide sleeve before beginning the seating process to avoid misalignment.
- Use protective eyewear when operating the BenchRestSeater to protect against potential debris.
- Avoid excessive force during the seating operation to prevent damage to the bullet or the seaterhead.
- Always wear appropriate gloves to protect your hands from sharp edges or hot components.
- Do not modify or alter the BenchRestSeater in any way, as this can lead to unsafe conditions.

Instructions for Installation and Usage

1. Installation:

- Securely mount the BenchRestSeater on a stable work surface.
- Ensure that the seaterhead is properly attached and tightened before use.
- Check that the guide sleeve is clean and free from obstructions.

2. Usage:

- Select the appropriate seaterhead for the bullet type being used. Refer to the manual for guidance on head selection.
- Insert the cartridge case into the guide sleeve, ensuring it is seated fully.
- Carefully place the bullet into the cartridge case.
- Slowly and evenly apply pressure to the seaterhead to seat the bullet. Monitor for any signs of misalignment.
- After seating, inspect the cartridge for proper bullet seating and concentricity.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not throw the BenchRestSeater in regular household waste. Instead, contact your local waste management authority for proper disposal methods.
- Recycle packaging materials where possible, following your local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the product manual or contact the manufacturer. Ensure that you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure the safe and effective use of your BenchRestSeater. Thank you for your attention to these important guidelines.
